

JVC Expands “Nearphones” Lineup: HA-NP1T Open-Earbuds - Ear Cuff Design & Convenient Features

nearphones

JVCKENWOOD Corporation proudly announces the launch of its latest innovation, the JVC HA-NP1T nearphones open-earbuds, designed to deliver the perfect blend of style, comfort, and user-friendly technology. With their ear cuff design and convenient daily features, the earbuds offer an unmatched listening style ideal for fashion-conscious, everyday music lovers and fitness enthusiasts alike.

These earbuds feature a lightweight structure and a secure clasp mechanism designed to ensure maximum comfort during prolonged use. Whether taking work calls, exercising, or simply enjoying your favourite tunes, the earbuds stay comfortably in place throughout the day, allowing for a worry-free listening experience. The open-earbud design also ensures awareness of your surroundings, making them an excellent choice for outdoor activities.

PRESS RELEASE

The HA-NP1T nearphones boast an impressive battery life, offering up to 24 hours of playtime with a built-in rechargeable battery and a compact charging case. Thanks to multi-point connection capabilities, users can easily switch between devices, making these earbuds perfect for multitasking between personal and professional activities.

Powered by Bluetooth version 5.3, they provide a stable and uninterrupted wireless connection for all your devices. At the same time, the low-latency mode ensures that audio syncs flawlessly with video, providing a seamless experience for those streaming media content.

The HA-NP1T nearphones are the perfect solution to enhance your music life, fully equipped with features to support your daily activities: a microphone designed for clarity and precision in telework, hands-free convenience with voice assistant activation, peace of mind with sweat and light rain resistance, and an app that lets you customise your listening preferences.

Available in five stylish colours—Coal Black, Off-White, Maroon, Teal Blue, and Ice Grey—the HA-NP1T offers both form and function for any lifestyle.
