LONG LIFE

EverioR

Discover What's Out There

Everio R won't sit quietly at home while you have all the fun. It's built to be at your side, in the midst of it. Count on it to capture every moment with exceptional quality, ready to share the moment you come home.

Quad Proof + Long Life

5m
Water

5m Waterproof

Whether you drop it into water or dive with it, IPX6/IPX8 certified waterproofing keeps Everio R running.

Dust

Dustproof

IP5X certified dustproofing lets you use Everio R in some seriously dusty environments without worry.

1.5m
Shock

1.5m Shockproof

Accidental droppage can destroy an ordinary camcorder, but Everio R is built tough to take it in stride.

-10°C
Freeze

-10°C Freezeproof

Take Everio R out in the snow or on the slopes – even if you're freezing, Everio R will keep working.

5H
Battery

5H¹ Internal Long-Life Battery

Shoot entire events, with no risk of damage by changing the battery in bad weather.

Compatible with Portable Battery² and USB Charging

Additional power wherever you are.

¹ 5H is the approximate time of continuous recording in 50i if the internal battery has been fully charged, when the LED light (if available) is off, the monitor backlight is set to standard mode, and without the use of zoom function.

² When used with a portable battery of over 1.0A, 5V and over 5200mAh. Compatibility is not guaranteed for all portable batteries.

Everio R

Ready for Everything —

Note: Quad Proof is not a guarantee of protection against damage and malfunction.

Teaming with features to support your adventures

every scene, every occasion, every style.

Full HD 1920x1080 Recording

Record, watch and share high quality video in native Full HD resolution. 1080/50p progressive recording is also available for high-end models.

1920x1080

AVCHD™
Progressive

HDMI™
HIGH-DEFINITION MULTIMEDIA INTERFACE

Enhanced Image Stabiliser

Count on steady, less jittery images with effective compensation for camera shake.

Without Stabilisation

With Stabilisation

40x Optical and 60x Dynamic Zoom

Zoom to 40x magnification with full optical quality, then beyond to 60x without sacrificing resolution.

60x

Zoom Position Memory and Zoom Microphone

You can instantly return to a pre-set zoom position while the zoom microphone varies the focal point to match the picture.

Conversion Lens Attachable

A 37mm filter thread enables you to attach various third-party filters and conversion lenses. Boost your creativity.

Recording with LCD Monitor Closed

Recording continues even when the monitor is closed so you can use the camera in more active situations.

Wi-Fi Functions Wi-Fi models only

- Remote Recording and Data Transfer*

Wi-Fi®

- Various Functions using Tablet and Apps*

* Free apps available for Android and iOS.

Mirroring Playback for dance practice, score superimposing, and lots more!

Works with iMovie and Final Cut Pro X

Edit your video afterwards just like pros do.

Optional Accessories

*3 When used with a portable battery of over 1.0A, 5V and over 5200mAh. Compatibility is not guaranteed for all portable batteries.

Precautions for Quad Proof Function

- Malfunction due to misuse by the customer is not covered by warranty.
- Before use in water, be sure to read the "Detailed User Guide" in the built-in memory of the camcorder.
- Close the connector cover firmly until it clicks and confirm that the red sign completely goes off.
- Make sure that there is no damage to and no foreign material adhered to the packing inside the cover.
- Use the camcorder in marine water and fresh water not deeper than 5m and for not more than 30 minutes.
- The waterproof cannot be guaranteed if the camcorder is subject to impact such as dropping.
- Do not apply impact in water.
- Do not soak the camcorder in hot springs or water of 40°C or higher.
- Dustproof function is not meant to encourage use on sand. Avoid use in conditions where sand and/or dust particles can become lodged in moving parts such as the LCD monitor hinge and zoom lever.
- Temperatures between 0°C and -10°C temporarily lower battery performance, reducing the time available for recording.
- Quad Proof is not a guarantee of protection against damage and malfunction.

Everio MediaBrowser™ 4 (Provided in the built-in memory of the camera)
